Awards

Consolation Prize, Class Website Design Competition 2023
Faculty of Information Technology, Ton Duc Thang University
04/2023

- Achieved prize in a university-wide competition (20 teams) by developing a class website on WordPress.
- Contributed to UI/UX design and theme customization, demonstrating strong teamwork and practical web development skills.

Projects

Omacha Shop - Full-Stack E-commerce Platform (Team Project)
PHP, MySQL, HTML5, CSS3, JavaScript
01/2024 – 05/2024

- As a key team member, developed back-end functionalities for a full-stack e-commerce site using PHP & MySQL, including user authentication and order management.
- Contributed to the responsive front-end and practiced effective team collaboration using Git/GitHub.

ANIME.TV - Anime & Manga Streaming Platform (Personal Project)
HTML5, CSS3, JavaScript (ES6+), GitHub Pages
04/2025 – 07/2025

- Independently developed a Crunchyroll-inspired static site with a custom video player and manga reader, focusing on a responsive UI/UX with pure JavaScript.
